SOUTHEAST ASIAN MUSIC ACADEMY ONLINE PRESENTS 2ND MUSIC CONFERENCE - NEW RECIPES FOR MUSIC TEACHING & PERFORMANCE

The SEA Music Academy Online is pleased to present a second online conference on 1 and 2 June 2021, after our successful one last year that put together some two hundred music teachers from across the region. This year, we have Benjamin Zander as our keynote speaker, whose TED Talk has reached and inspired millions. Our conference aims to take a wide view of music education and see what we can learn from other genres and styles, and will benefit music performers, teachers, students, and enthusiasts. Come and be inspired by the cultural richness of Southeast Asia by experts from a range of traditions, the world of pop music, how to nurture a prodigy, baroque dance, and more. Early bird rates up to 15 May, come join our community and the conversation. Registration closes on 28 May 2021.

Visit <https://seamusicacademy.online/music-conference-2021/> to, as Zander might say, begin an adventure into the art of possibility.
